Officers for Twelve Months Are Elected-Committees

LYNCHBURG DOESN'T LIKE IT

Afraid to Come in Competition With Richmond, Say Members.

Post A, Travelers' Protective Associa-tion, held its annual meeting at headquarters last night.

Much business of importance to the members was transacted, and the seasion lasted until nearly midnight.

Sixty-four members were present main object of the meeting was the election of officers for the ensuing year, and the election of delegates to the State convention at Petersburg. The president's report of work done during

the year and the reports of the various committees were read.

Mr. H. Lee Lorraine was re-elected president of the Post. Mr. H. Ellis, Jr., was re-elected to the office of vice-president. Mr. H. L. Harwood was unanimously re-elected to the office of sec-

mously re-elected to the office of secretary and treasurer.

Some discussion was held on the compositions of the Board of Directors, there being some confusion in the minds of the retiring board, owing to the absence of any constitution and by-laws defining their duties. A resolution was finally adopted altering the style of the board so as to consist of seven members—three to be elected for two years and four one year. The members of the board were elected as follows:

Two years—E. D. Quaires, R. S. Christian, E. W. Evans; one year—E. B. Sydnor. Joseph Wallerstein, T. W. Cheff, D. S. Harwood.

D. S. Harwood.

The railroad committee reported on their effort to get the running time and the mileage between Lyuchburg and Richmond reduced. It is claimed that by requiring the Southern and Norfolk and Western Railways to make connection at Burkeville, the time between Richmond and Lynchburg could be reduced one hour and thirty minutes, and the mileage twenty-four miles. This plan has, it is said, received much opposition from the Lynchburg merchants, owing to the fact that it would enhalts Richmond merchants to tap the rich territory of Southwest Virginia. It would place the Richmond newspapers, containing the advertisements of Richmond merchants, in this section early in the morning.

The railroad committee work, having been so effective in this and many other ways, a vote of thanks of the Post. Mr. R. W. Spillman was elected chairman of this committee, to continue the work. D. S. Harwood.

Doorkeeper Says He Has More Callers Than Other Senators.

Colonel Joseph Button, just back from Washington, said last night that Senator Martin had done little or nothing in his campaign, up

'The senator's time's so much taken up with matters of business in connection with his office," he said, "that he has had no opportunity to engage actively in the canvass. He received several hundred letters a day, most of them on business relating to matters before Congress, and he places the political letters aside for future reference. The door-keeper of the Senate told me the other day that Senator Martin had more callers than any other man in the Senate, and that he saw every one of his gallers.

DISFIGURED BYECZEMA

Wonderful Change in a Night, In a Month Face was Clear as Ever.

ANOTHER CURE BY CUTICURA

"I had eczema on the face for five months, during which time I was in the care of physicians. My face was so disfigured I could not go out, and it was going from bad to worse. A friend recommended Cuticura. The first night after I washed my face with Cuticura Soap, and used Cuticura Cittment and Resolvent, it changed wonderfully. From that day I was able to go out, and in a month the treatment had removed all scales and scabs, and my face was as clear as ever. (Aigned) T. J. Soth, 317 Stagg Street, Brooklyn, N. Y."

(CHESTER, VA., March 10.—Quite a commotion has been created in this county of late, owing to some city firms and individuals selling wares, principally to negroes, from their wagons and by agents, without the required license.
